

## Frequently Asked Questions

Are the flowers edible?

None of the flowers are edible.

What type of packaging does my meat box arrive in?

Our meat arrives in recyclable cardboard boxes.

Is there a minimum order?

The smallest of our boxes is £40, however if you are looking for individual cuts please contact us and we will do our best to help you.

Do you have a delivery charge?

At the present time our delivery is free within 20miles of the farm.

Do you deliver yourself?

Deliveries are all made by one of the farm team.

Do you farm all your livestock?

Yes, the cattle are reared here on the farm from 2 weeks of age. They spend the milder months of the year grazing outside on grass and once the weather deteriorates, they come into our warm sheds.

Is your meat grass fed?

All our livestock is fed on as much farm grown forage and grain as possible.

Do you use antibiotics?

Welfare of our animals is very important to us here at Pembridge Farm and a common sense approach is taken to using medication.

We do not routinely use antibiotics to treat our animals. If any animal is sick it is treated with the appropriate antibiotic, where necessary, and withdrawal periods adhered to.
